

What is the Orchard Morris Project?

The Project has been launched to run a series of one day Morris dance workshops in Dorking, Surrey. The aim is to encourage people to have fun and to take something away to share with their friends. Adults of any age are welcome but workshops will be favourably priced to encourage those in the 18-30 age group. You don't have to dance with any regular Morris Side. You can come as an individual or bring some friends.

Instructors and musicians from the best teams in the South East will be available to run each workshop. No previous experience necessary.

Comfortable shoes or trainers and loose clothing recommended. If you have your own handkerchiefs or sticks, please bring them.

Windsor Morris Cotswold Workshop Sat 3rd February 2018

Windsor Morris are a friendly, energetic and enthusiastic group who enjoy dancing together and taking their dances to a variety of audiences.

Their dances are based on the styles performed at the end of the nineteenth century in the Cotswold villages of Badby and Brackley. They have adapted those styles to provide an exciting spectacle and they aim to dance in a lively and energetic manner (well, most of the time!).

They also like to create new dances - like their predecessors, they are keeping Morris dancing alive by adapting it.

Open to adults over 18 from beginners to experienced dancers.
£12.50 with £7.50 reduced rate for 18-30s.

Windsor Morris Cotswold Workshop Sat 3rd February 2018

Windsor Morris were founded in 1974 and are one of the longest established women's Morris teams in the country. They are a friendly, energetic and creative group who are constantly working to maintain their very high standards. One look at their Facebook page will show that they know how to have fun too!

Windsor Morris will teach the basic stepping and figures from their interpretation of the "Brackley" Cotswold Morris dances.

In the morning session, you will learn one of Windsor Morris' own handkerchief dances and consider how to evolve that form to suit your own style. You will have an opportunity to derive alternative dance choruses to make the dance into something unique for your own team.

The afternoon session will introduce the stick dances and again consider how to make the traditional material into something special for your side and interesting for the audience.

Provisional Timetable

10:00 - Registration and Refreshments

10:30 - Morning Session
